

HOT AIR

Full of hot air!? Or is there something more? Growling bass, atmospheric keyboards, edgy guitars, and sometimes dragging, sometimes driving beats create a hot breeze full of flavours that evoke associations with The Cure or Radiohead, Pixies or The Smiths, A-HA or Blondie. At the same time, singer Mirco's lyrics, with life-affirming melancholy, tend to be at odds with common listening habits.

Uwe Cujai: Bass
Oliver Greven: Guitars
Mirco Mauel: Vocals
Marcel Haugwitz: Drums
Kai Flügge: Keyboards
